

2014 ***BURGMAN 650 ABS***

BURGMAN 650 ABS

MSRP: \$10,999

For generations of riders, the Burgman has redefined the two-wheel luxury scooter experience. It brought performance and comfort into a market once unimaginable. With enhancements from the Suzuki engineers, the Burgman 650 ABS is simply exhilarating. You can feel the nimbleness and abundance of power in your hand.

Notable changes to the Burgman 650 ABS include refinements in the transmission setting and a reduction of mechanical losses contribute to a boost in fuel economy by 15%* compared to the previous model in Drive Mode. Drive Mode heightens efficiency at normal road speeds and gives smooth, linear, almost shock-free power delivery for easy riding. Power Mode gives more punch when you twist the throttle. And Manual Mode lets you thumb-toggle between five preset ratios for a unique feeling of control.

The Burgman 650 ABS model also offers an anti-lock braking system (ABS) that helps to maximize the rider's control by preventing the wheels from locking during hard brake application. The ABS unit weighs 55% less than the previous model.

For 2014, the Burgman 650 ABS is available in Metallic Mat Fibrion Gray.

BURGMAN 650 ABS

TOP 10 FEATURES

Powerful liquid-cooled 638cc, DOHC, 8-valve, twin cylinder engine was designed to deliver broad, responsive power and torque to suit a range of riding applications – from the streets to the highway, with quiet operation and low maintenance. A dual, gear-driven countershaft system reduces engine vibration to reduce rider fatigue for better comfort on long highway rides.

Suzuki Electronically-Controlled Continuously Variable Transmission (SECVT) uses a handlebar control switch that allows the rider to choose between two fully automatic modes (power or normal), or a manual shift mode. Manual mode has six predetermined CVT ratios and are selected using Up and Down buttons on the handlebars.

Electronic Suzuki fuel injection with 32-bit ECM provides easy starts, precise throttle response resulting in impressive fuel economy and lowered emissions.

Powered Convenience include a power windshield & power retracting mirrors that provides comfort and convenient protection from wind and weather elements and is fully power-adjustable to suit rider preferences. The windscreen is shaped to give great wind protection and a clear view of the road. It's electrically adjustable to suit the rider's height. For convenience in tight parking spaces, the rearview mirrors can be retracted electrically at the touch of a button.

Aerodynamic bodywork matches the Burgman class-leading performance with aggressive styling while offering the rider protection from wind and weather elements. Slim, sharply styled multi-reflector headlights announce the 2013 BURGMAN 650's arrival and keep the road ahead in focus. They're both lit whether you choose high beams or low. Sparkling LED position lights help to heighten visibility, as do turn signals in the rearview mirrors.

Antilock Brake System (ABS*) monitors brake lever input and wheel speed, and matches stopping power to available traction – a state-of-the-art safety feature providing class-leading stopping power. For 2013 The ABS unit weights 55% less than that of the previous model.

Dual front disc brakes with 260mm rotors and dual twin-piston calipers provide class-leading stopping power and excellent handling. Antilock Brake System (ABS*) come standard, providing the Burgman 650 ABS with state-of-the-art braking technology for a safe, confident ride on the street or highway.

Magnetic Security Cover help protects the ignition switch when away from the vehicle and is conveniently operated by the ignition key which is coded to operate the magnetic cover.

A cavernous, illuminated, under-seat storage space with nearly two cubic feet of storage capacity can hold plenty of cargo and is large enough to fit two full-face helmets.

A convenient front glovebox compartment with DC-electrical accessory outlet, plus two additional storage compartments large enough to fit gloves, road maps and other personal items, provides the Burgman 650 Executive with ample storage space for riding convenience.
